

## 2010-2040 Long Range Transportation Plan

# TABLE OF CONTENTS

### Acknowledgements

Development of the SUATS Long-Range Transportation Plan was a collaborative process that involved numerous stakeholders, including the Steering Committee, City and County staff, and the South Carolina Department of Transportation. The general public also provided input for this plan at public workshops held on September 27, 2012 and February 21, 2013. All of their efforts are greatly appreciated.

### Steering Committee

Al Harris  
Allan Yu  
Ann August  
Berry Mattox  
Claudia Rainey  
David Burgess  
Donna McCullum  
Eddie Newman  
Gary R. Hallmark  
George McGregor  
Grier Blackwelder  
Kevin Sheppard  
O.J. Papucci  
Tyke Redfearn  
Yolanda Morris

### SUATS Planning Staff

Allan Yu  
George McGregor  
Michael Herr  
Wanda Scott  
Claudia Rainey

### Consultants

Richard Adams  
Cole Dagerhardt  
Allison Fluitt  
Aaron Heustess  
Tim Padgett  
Stephen Stansbery  
Trung Vo  
Jonathan Whitehurst

## Table of Contents

### Chapter 1 — Background and History

Native and Colonists Populations.....	1-1
The War for Independence .....	1-1
Transportation and Commerce .....	1-1
The Civil War and Reconstruction .....	1-1
Community Advancement, Transportation Improvements and Economic Development.....	1-2
Shaw Air Force Base and the Growth of the Military Economy .....	1-2
Looking Back and Moving Forward.....	1-2

### Chapter 2 — Introduction and Vision

Introduction.....	2-1
What is an LRTP and Why Update? .....	2-1
Public Outreach .....	2-3
Transportation Plan Steering Committee .....	2-3
Public Questionnaire .....	2-3
Public Workshops .....	2-4
Previous Planning Efforts .....	2-4
Vision .....	2-4
Goals .....	2-5
MAP-21.....	2-5
Elements of a Transportation Plan .....	2-6

### Chapter 3 — Social and Environmental

Social and Environmental Features.....	3-1
Environmental Features .....	3-1
Social Features .....	3-1
Environmental Justice.....	3-5
Planning Guidelines .....	3-6

### Chapter 4 — Existing Roadway Conditions

Introduction.....	4-1
Transportation Corridors & Activity Centers .....	4-1
Functional Classification.....	4-2
Arterials.....	4-4
Collectors .....	4-4
Locals .....	4-4

Corridor Operations.....	4-5
Regional Access.....	4-5
Congested Corridors .....	4-5
Traffic Safety and Crash History.....	4-7
Priority Locations .....	4-7
Priority Intersection Analysis.....	4-9
Recommended Countermeasures .....	4-10

### Chapter 5 — Future Roadway Element

Introduction.....	5-1
Existing + Committed Conditions.....	5-1
Penny for Progress .....	5-1
Security.....	5-2
Security Measures .....	5-2
Recommendations .....	5-2
Principal and Minor Arterials.....	5-4
Collectors .....	5-5
Roadway Project Prioritization.....	5-7
Access Management .....	5-10
Access Management Strategy Toolkit .....	5-10
Types of Corridors and Potential Solutions .....	5-13
SUATS Access Management Corridor Strategies .....	5-13
Complete Streets .....	5-16
Context Realm .....	5-16
Pedestrian Realm .....	5-17
Travelway Realm .....	5-18
Intersection Realm .....	5-19
Project Sheets .....	5-19

### Chapter 6 — Bicycle and Pedestrian Element

Introduction.....	6-1
Complete Streets Promote Bicycling and Walking .....	6-1
City of Sumter Code of Ordinances .....	6-2
Facility and Program Opportunities .....	6-2
Bicycle Users .....	6-2
Bicycle Facilities .....	6-2
Pedestrian Facilities .....	6-4
Multi-Use Facilities .....	6-5
Existing Conditions .....	6-6
Bicycle Network .....	6-6
Pedestrian Network .....	6-7
Existing Groups, Programs, and Initiatives .....	6-12
Recommendations .....	6-13

Facility Recommendations.....	6-13
Bicycle Program Recommendations .....	6-23
Bicycle and Sidewalk Recommendations.....	6-26

### Chapter 7 — Transit Element

Introduction.....	7-1
Transit and Urban Form.....	7-1
History of Transit in Sumter .....	7-1
Existing Transit Services .....	7-1
Santee Wateree Regional Transportation Authority .....	7-1
Other Public Transportation Providers .....	7-3
Public Involvement .....	7-3
Public Questionnaire .....	7-3
On-Board Survey .....	7-4
Financial Challenges SWRTA Faces.....	7-5
Background .....	7-5
Restructuring Fixed Bus Routes Study .....	7-5
System Recommendations .....	7-15
Conclusion .....	7-19

### Chapter 8 — Freight & Aviation Element

Freight Element .....	8-1
Highway and Rail Freight Trends .....	8-1
Existing Conditions .....	8-1
Truck Route Recommendations .....	8-4
Street Design Recommendations .....	8-6
Aviation Element .....	8-7
Existing Conditions .....	8-7
Recommendations .....	8-10

# 2010-2040 Long Range Transportation Plan

## Chapter 9 — Scenario Planning

Introduction.....	9-1
Urban Form and Travel Behavior.....	9-1
The Transect .....	9-2
Development Scenarios .....	9-9
Sprawl Development .....	9-9
Compact Development.....	9-10
Scenario Planning Results.....	9-10
Policy and Guidelines Toolbox.....	9-11
Tool 1: Promote Sustainable Land Development .....	9-11
Tool 2: Support Efforts to Increase Connectivity within and Between Developments.....	9-11
Tool 3: Promote Development Design to Manage Access and Reduce Congestion Levels on Major Roadways.....	9-12
Tool 4: Encourage Growth Management Initiatives to Manage Growth .....	9-12
Recommendations .....	9-13
Desired Outcome: Improved coordination between land use and transportation.....	9-13
Desired Outcome: Efficient use of the transportation system .....	9-13

## Chapter 10 — Financial Plan

Introduction.....	10-1
Financial Planning Scenario.....	10-1
System Costs and Revenues .....	10-1
Alternative Funding Strategies.....	10-8

## Chapter 11 — Implementation Plan

Introduction.....	11-1
Responsible Agencies .....	11-1
Action Plan .....	11-1
General Action Items .....	11-1
Policy Action Items.....	11-2
Roadway Improvement Action Items.....	11-2
Bicycle and Pedestrian Improvement Action Items.....	11-3
Transit Improvement Action Items .....	11-5
Freight Improvement Action Items .....	11-5
Land Use Action Items.....	11-6

## Tables & Figures

### Chapter 1 — Background & History

None

### Chapter 2 — Introduction & Vision

Table 2.1 – Percent of Work Trips Beginning and Ending in County.....	2-1
Figure 2.1 – SUATS MPO Area.....	2-2

### Chapter 3 — Social & Environmental Resources

Figure 3.1 – Natural Resources.....	3-2
Figure 3.2 – Environmental Issues .....	3-3
Figure 3.3 – Social Features.....	3-4
Table 3.1 – Minority Population Comparison .....	3-5
Figure 3.7 – Minority Population Composition .....	3-5
Figure 3.4 – Percent Minority Population .....	3-7
Figure 3.5 – Percent Hispanic Population .....	3-8
Figure 3.6 – Percent Low-Income Population .....	3-9

### Chapter 4 — Existing Roadway Conditions

Table 4.1 – Activity Centers.....	4-2
Figure 4.1 – Functional Classification.....	4-3
Figure 4.2 – Existing Congested Corridors .....	4-6
Table 4.2 – Intersection Priority Rankings .....	4-7
Table 4.3 – Sales Tax Safety Intersections.....	4-7
Figure 4.3 – Crash Locations .....	4-8

### Chapter 5 — Future Roadway Element

Figure 5.1 – E+C Congested Corridors 2040.....	5-3
Figure 5.2 – Recommended Roadway Projects .....	5-6
Table 5.1a – Project Evaluation Matrix Proposed Roadway Widening Projects .....	5-8
Table 5.1b – Project Evaluation Matrix Proposed New Location Projects .....	5-9
Table 5.1c – Project Evaluation Matrix Proposed Intersection Improvements .....	5-9
Table 5.2 – Benefits of Corridor Access Management .....	5-10
Table 5.3 – Types of Corridors and Potential Solutions .....	5-13

## Chapter 6 — Bicycle and Pedestrian Element

Figure 6.1A – Existing Bicycle and Pedestrian Facilities .....	6-8
Figure 6.1B – Existing Bicycle and Pedestrian Facilities.....	6-9
Figure 6.1C – Bicycle and Pedestrian Accident Locations.....	6-10
Figure 6.1D – Bicycle and Pedestrian Accident Locations .....	6-11
Figure 6.2 – Existing and Proposed Bicycle Facilities .....	6-16
Figure 6.3A – Existing and Proposed Pedestrian Facilities .....	6-17
Figure 6.3B – Existing and Proposed Pedestrian Facilities .....	6-18
Figure 6.4 – Existing Bicycle Rack Locations .....	6-22
Figure 6.5A – Proposed Bicycle Facilities .....	6-27
Table 6.5A – Proposed Bicycle Facilities Improvement .....	6-28
Figure 6.5B – Proposed Sidewalk Construction .....	6-29
Table 6.5B – Proposed Sidewalk Improvement List .....	6-30
Figure 6.5C – Proposed Pedestrian Improvements .....	6-31
Table 6.5C – Proposed Intersection Improvement List .....	6-32

## Chapter 7 — Transit Element

Figure 7.1 – Existing SWRTA Routes .....	7-2
Table 7.1 – Fixed Route Operations in Sumter .....	7-2
Table 7.2 – Sample Greyhound Fares .....	7-3
Figure 7.2 – Bus Service .....	7-4
Figure 7.3 – How would you spend 100? .....	7-4
Figure 7.4 – 2010 Transit Survey .....	7-4
Table 7.3 – 2009 to 2011 Transit Comparison .....	7-6
Table 7.4 – Bus Route Profit Analysis .....	7-6
Table 7.5 – Bus Route Revenue Mileage .....	7-7
Table 7.6 – Proposed Route Revenue Mile Cost .....	7-7
Figure 7.5 – Route 1 .....	7-9
Figure 7.6 – Route 4 .....	7-10
Figure 7.7 – Route 5 .....	7-11
Figure 7.8 – Route 6 .....	7-12
Figure 7.9 – Route 7 .....	7-13
Figure 7.10 – Route 9 .....	7-14
Figure 7.11 – Population Density and Transit Routes .....	7-16
Figure 7.12 – Vehicle Available and Transit Routes .....	7-17

# 2010-2040 Long Range Transportation Plan

## Chapter 8 — Freight and Aviation Element

Figure 8.1— Existing Railroad Facilities and Industrial Parks .....	8-3
Figure 8.2 – Proposed Truck Route Designations .....	8-5
Table 8.1 – Historical Based Aircraft .....	8-8
Figure 8.3 – Existing Airport .....	8-9
Table 8.2 – Based Aircraft by Type .....	8-10
Table 8.3 – Projected Emplaned Pilots and Passengers.....	8-10

## Chapter 9 — Scenario Planning

Figure 9.1 to 9.6 – Urban Form Category Descriptions.....	9-3
Table 9.1 – Comparison of Daily Travel Characteristics .....	9-10
Table 9.2 – Comparison of Scenario Land Use Profiles.....	9-10

## Chapter 10 — Financial Plan

Table 10.1 – LRTP Revenue Forecast.....	10-1
